

Onsite Applied HVAC/R Corrosion Protection Coatings

**5 Year Warranty
On Units Coated With
HVAC SystemCare**

Once a HVAC/R unit is installed, it's attacked by -

- **Dirt and Pollution** - restricting air flow and reducing efficiency
- **Salt** - destroying fin and tube contacts
- **Sand and Grit** - quickly eroding coils

Corrosion Protection That Maintains Efficiency and Saves Money

- **"Self cleaning"** repels contaminant buildup
- **Reduced pressure drop** maintains efficiency
- **Anti-microbial formula** prevents algae/bacteria
- **Long term protection** extends life of coil

**Pick Up NEW BUSINESS
from your current
HVAC/R clients**
